**Subject:** RE: NEW Carbon intensity number

Xander,

Sorry to take so long. I still do not have the 2018 number finalized (it will take a couple of weeks until all the data is verified). Use the 2019 number for now. These are the forecasted numbers through 2030 but do not account for market sales which will make the number lower in some years. These are all in LBs.

	2019	2020	2021	2022	2023	2024	2025	2026	2027	2028	2029	2030
	341	348	271	230	222	278	277	279	276	273	270	219
