Renewables Portfolio Standard Compliance	)	RE: Publicly Owned Electric Utility
Period 2 (2014-2016)	)	Verification Results Staff Draft
_____	)	Report

**Notice of Availability and Request for Comments on**  
*Renewables Portfolio Standard*  
*Verification Results for San Francisco Public*  
*Utilities Commission - Hetch Hetchy Power*  
*Compliance Period 2 (2014-2016), Staff Draft*  
*Report*

The *Renewables Portfolio Standard Verification Results for San Francisco Public Utilities Commission – Hetch Hetchy Power, Compliance Period 2 (2014-2016) Staff Draft Report, (RPS POU Verification Results Draft Report)*, is available at <https://www.energy.ca.gov/programs-and-topics/programs/renewables-portfolio-standard/renewables-portfolio-standard-1-1>, and [summary claims details](#) for San Francisco Public Utilities Commission (SFPUC) – Hetch Hetchy Power are available on the California Energy Commission’s (CEC) website at [https://ww2.energy.ca.gov/portfolio/documents/verification\\_results/cp02\\_2014-2016/pous/](https://ww2.energy.ca.gov/portfolio/documents/verification_results/cp02_2014-2016/pous/).

The *RPS POU Verification Results Draft Report* for SFPUC – Hetch Hetchy Power details CEC staff’s verification findings of renewable energy procurement claims submitted by SFPUC – Hetch Hetchy Power for Compliance Period 2 (CP 2) of the Renewables Portfolio Standard (RPS), covering the years 2014-2016. A total of 43 local publicly owned electric utilities (POUs) reported claims for CP 2. SFPUC – Hetch Hetchy Power is the final POU with pending verification results for CP 2. The CEC previously adopted the *RPS POU Verification Results Reports* for the other 42 POUs at regularly scheduled business meetings.

Summary claims details tables will be posted to provide detailed information about SFPUC – Hetch Hetchy Power’s *RPS POU Verification Results Draft Report*. The summary claims details provide the RPS claims reported by each POU for CP 2, and includes detailed information on claims deemed eligible, claims determined to be ineligible, and claims withdrawn by the reporting POU.

As part of its administrative responsibilities, the CEC verifies the RPS procurement claims of both retail sellers and POU. The *Enforcement Procedures for the Renewables Portfolio Standard for Local Publicly Owned Electric Utilities* establishes the rules and procedures by which the CEC assesses a POU’s compliance with RPS procurement requirements. The methods used by the CEC to verify procurement claims for RPS program participants are generally described in the *Renewables Portfolio Standard Eligibility Guidebook, Ninth Edition (Revised)* and further detailed in the *Renewables Portfolio Standard Verification Methodology Report, Second Edition*. [These documents](#) can be found at

<https://www.energy.ca.gov/programs-and-topics/programs/renewables-portfolio-standard>

SFPUC- Hetch Hetchy Power qualifies for alternative procurements requirements pursuant to 20 CCR section 3204 (a)(7) of the Enforcement Procedures for the Renewables Portfolio Standard for Local Publicly Owned Electric Utilities. Therefore, its procurement target is determined annually, instead of on a compliance period basis, and it is exempt from the portfolio balance requirements.

Stakeholders and the public have an opportunity to review and provide comments on SFPUC – Hetch Hetchy Power’s *RPS POU Verification Results Draft Report*. Staff will consider comments, and a final version of the *RPS POU Verification Results Draft Report* will be considered for adoption by the CEC at a regularly scheduled business meeting.

## **Background**

Established in 2002, California’s RPS is one of the most ambitious renewable energy policies in the nation. Enacted by Senate Bill (SB) 1078 (Sher, Chapter 516, Statutes of 2002), and accelerated and expanded by subsequent legislation, California’s RPS establishes increasingly progressive renewable energy procurement targets for the state’s load-serving entities. Originally applicable to retail sellers, the statewide mandatory RPS was expanded by SB X1-2 (Simitian, Chapter 1, Statutes of 2011, First Extraordinary Session) to include POU starting in 2011. SB 100 (De León, Chapter 312, Statutes of 2018) increased the procurement targets, requiring both retail sellers and POU to increase their procurement of eligible renewable energy resources to 60 percent of retail sales by 2030.

California’s RPS is administered by the CEC and the California Public Utilities Commission (CPUC). As part of its responsibilities, the CEC verifies the eligibility of renewable energy procured by all load-serving entities, which include retail sellers, POU, and all other entities providing retail sales of electricity in California that are obligated to participate in California’s RPS. The CEC is also responsible for certifying

RPS eligible renewable energy resources, developing a tracking system to verify renewable energy procurement for all program participants, and overseeing compliance and enforcement of the POU's. The CPUC is responsible for compliance and enforcement for retail sellers.

The verification results provided in the *RPS POU Verification Results Draft Report* are not a compliance determination. After the CEC adopts the report, staff will begin the process of determining if SFPUC – Hetch Hetchy Power complies with the RPS requirements for CP 2, as set forth in the California Code of Regulations, Title 20, Sections 1240 and 3200-3208.

The *RPS POU Verification Results Draft Report* is available on the [California Energy Commission Docket Log](#) at <https://efiling.energy.ca.gov/Lists/DocketLog.aspx?docketnumber=18-RPS-02>

### **Written Comments**

Interested members of the public are encouraged to review and comment on the *RPS POU Verification Results Draft Report*. Written comments must be submitted to the Docket Unit by **5:00 p.m. on June 26, 2020**. Written and oral comments, attachments, and associated contact information, such as address, phone number, and email address, become part of the viewable public record. This information may also become available via any Internet search engine.

The CEC encourages use of its electronic commenting system. Visit [CEC E-filing Docket Number 18-RPS-02](#), which links to the comment page for this docket at <https://efiling.energy.ca.gov/EComment/ECommentSelectProceeding.aspx>.

Select or enter a proceeding to be taken to the "Add Comment" page. Enter your contact information and a comment title describing the subject of your comment(s). Comments may be included in the "Comment Text" box or attached in a downloadable, searchable Microsoft® Word (.doc, .docx) or Adobe® Acrobat® (.pdf) file. Maximum file size is 10 MB.

Written comments may also be submitted by email. Include docket number 18-RPS-02 and "RPS POU Verification Results Draft Report for CP 2" in the subject line and send to [publicadvisor@energy.ca.gov](mailto:publicadvisor@energy.ca.gov).

### **Public Advisor and Other Commission Contacts**

The CEC's Public Advisor's Office provides the public assistance in participating in CEC proceedings. For information on how to participate in this proceeding, or to request language services or other reasonable accommodations, please contact the public advisor, Noemí O. Gallardo, at [publicadvisor@energy.ca.gov](mailto:publicadvisor@energy.ca.gov), or by phone at (916) 654-4489, or toll free at (800) 822-6228. Requests for language services and reasonable accommodations should be made at least five days in advance. The CEC will work diligently to accommodate late requests.

Media inquiries should be directed to the Media and Public Communications Office at [mediaoffice@energy.ca.gov](mailto:mediaoffice@energy.ca.gov) or (916) 654-4989.

Questions on the subject matter of this meeting should be directed to Kevin Chou at [Kevin.Chou@energy.ca.gov](mailto:Kevin.Chou@energy.ca.gov) or (916) 653-1628.
