Subject: COUNTY OVERSIGHT OF SOLAR ENERGY GENERATING SYSTEMS
(SEGS) VIII DECOMMISSIONING

CEC staff, through teleconference communications with the County of San Bernardino, has determined that the County has available to it the expertise and manpower to serve as the Energy Commission's delegate chief building official (DCBO) for the decommissioning and demolition of SEGS VIII. The County's resources provide the capability to review and approve the demolition plans, provide onsite safety monitor(s) to perform safety oversight, and conduct compliance verification activities for the duration of the SEGS VIII decommissioning and demolition work. If staff comes to an acceptable agreement with the County on the terms of the contract, staff would select the County to serve as the Energy Commission's delegate under section 1770(b) of Title 20 for this decommissioning and demolition work.

Please see [SEGS VIII docket log](#) for more information on the SEGS VIII decommissioning.

Date: 7/30/2020
