Dear Mr. Segall:

I am the Hearing Officer assigned to assist in the conduct of the proceedings on the Application for a Small Power Plant Exemption (SPPE) for the Sequoia Backup Generating Facility. During the September 9, 2020, Energy Commission business meeting we discussed information that ARB wished to submit.

The purpose of this email is to discuss a procedural issue only: what is an acceptable timeline by which ARB may submit its information? Is October 15 an acceptable deadline? If not, what date is acceptable?

When responding, please do not include any of the substantive information. Note that this email and your response to it will be filed in the docket of the proceeding.

Should you have any questions or should you wish to discuss the matter further, please do not hesitate to contact me.
