unfathomable that eliminating propane for the home is even a consideration

â€¢ Propane is reliable, sustainable and affordable.

â€¢ Propane is not subject to blackouts.

â€¢ Propane provides power to millions of people.

â€¢ Propane provides dependable energy for the elderly and vulnerable populations who power life-sustaining medical equipment.

â€¢ Propane provides back-up power for hospitals, water treatment facilities, and electric utilities.

â€¢ Propane provides complementary power for solar powered homes.

â€¢ Propane is clean today, and continues to innovate with renewable propane that has a carbon footprint on par or lower than electricity.
