Hi Angela,

Can you send me the following documents:

1) A copy of the Declaration of Posting of Equinix signs back in 2015. The Declaration requires the Applicant to provide pictures of the installed signs. Can you provide the pictures as well?

2) Where would I find conceptual elevations of the Project? Entitlement packages typically include such drawings and I find it ironic that the MND addresses aesthetic considerations and provides more imagery for the proposed PG&E substation than the data center buildings themselves. For reference, the entitlement package for the adjacent China Mobile data center includes elevations.

3) Can you tell me the name of the PM who originally worked on this project back in 2015-17?

Best,  
Mimi
