NOTICE OF REMOTE-ACCESS WORKSHOP

RE: Pre-Solicitation Workshop for a Second Block Grant for Light-Duty Electric Vehicle Charger Incentive Projects

Pre-Solicitation Workshop for a Second Block Grant for Light-Duty Electric Vehicle Charger Incentive Projects

December 17, 2020

1:00 p.m.

Remote Access Only

California Energy Commission (CEC) staff will host a remote-access workshop to solicit feedback on a draft solicitation concept for a block grant implementer for light-duty electric vehicle (EV) charger incentive projects. A quorum of commissioners may participate, but no votes will be taken.

The Draft Solicitation Concepts will be posted before the workshop on the [CEC Docket Log for 20-EVI-01](https://efiling.energy.ca.gov/Lists/DocketLog.aspx?docketnumber=20-EVI-01) at <https://efiling.energy.ca.gov/Lists/DocketLog.aspx?docketnumber=20-EVI-01>. The document details the concepts under consideration for a competitive grant solicitation to be issued by the CEC's Clean Transportation Program.

The workshop will be held remotely, consistent with Executive Orders N-25-20 and N-29-20 and the recommendations from the California Department of Public Health to encourage physical distancing to slow the spread of COVID-19. The public can participate in the workshop consistent with the direction in these Executive Orders. Instructions for remote participation are below.

Agenda

1. Clean Transportation Program background
2. Draft solicitation concepts overview
 - a. Proposed eligibility and project requirements
 - b. Proposed evaluation process and criteria
3. Public Comments

Background

Assembly Bill 118 (Núñez, Chapter 750, Statutes of 2007), created the Clean Transportation Program (formerly known as the Alternative and Renewable Fuels and Vehicle Technology Program). The statute authorizes the CEC to develop and deploy alternative and renewable fuels and advanced transportation technologies to help attain the state's climate change and clean air goals. Assembly Bill 8 (Perea, Chapter 401, Statutes of 2013) reauthorized the funding program through January 1, 2024.

Staff is developing a grant funding opportunity that will provide funding from the Clean Transportation Program for a block grant implementer to design and implement light-duty electric vehicle charger incentive projects.

Public Comment

Oral comments will be accepted at the end of the workshop. Comments may be limited to three minutes or less per speaker and one person per organization. If participating via Zoom's online platform, use the "raise hand" feature so the administrator can announce your name and unmute you. If you are participating by telephone, press *9 to "raise your hand" and *6 to mute/unmute. See detailed remote attendance instructions below.

Written comments must be submitted to the Docket Unit by **5:00 p.m. on January 8, 2021**. Written and oral comments, attachments, and associated contact information (including address, phone number, and email address) will become part of the public record of this proceeding with access available via any internet search engine.

The CEC encourages use of its electronic commenting system.
