Dear CEC Commissioners

[docket@energy.ca.gov](mailto:docket@energy.ca.gov)

Thank you for your support of the REACH code movement. This is in support of Docket # 19-BSTD-06. REACH codes act as a pilot test for future ordinances.

You have before you today REACH codes from Campbell, Millbrae, Sunnyvale, and Los Altos. It would be wonderful if these are passed through your review.

We need to keep moving towards the GHG levels specified in B-55-18. Approving these REACH code will help us move closer to a zero carbon future.

Thanks for listening.
