Re: Docket #19-BSTD-03 2022 Energy Code Pre-Rulemaking
Chapter 3 – Option 4

Subj: CEA Data Registry and Repository Comments

Dear Mr. Scalzo:

KIBO Energy Services is an Acceptance Test Employer and an Acceptance Test Technician performing approximately (175) Title 24 – Part 6 Lighting Control Certifications annually over the past four years.

After review of the Option Evaluations detailed in the Alternative to NDR Staff Report, our opinion finds the CEC Option 4 as the best option.

The development of a CCDR Commission Compliance Data Repository, utilizing current CEC approved ATTCP processes, procedures and forms will streamline the creation and costs of the Data Repository, as well as avoiding confusion and additional costs for the ATE's and ATT's. The partnership which currently exists between the CEC and the ATTCPs will create the most efficient and optimum Registry.

Respectfully;
KIBO Energy Services
