Subject: IEPR Natural Gas Forms and Instructions
Date: Friday, March 19, 2021 2:54:00 PM
Attachments: [FINAL IEPR NG Instructions.docx](#)
[FINAL IEPR NG Forms.xlsx](#)
[2021 IEPR Final Scoping Order - OII 3-17-2021.pdf](#)

Dear Colleagues,

At its March 17th Business Meeting, the California Energy Commission adopted the 2021 Integrated Energy Policy Report Natural Gas Demand And Rate Forecasting Forms and Instructions. Please complete and submit these forms no later than **Friday, May 28, 2021**. Please upload your filings to this website: <https://efiling.energy.ca.gov/Ecomment/Ecomment.aspx?docketnumber=21-IEPR-03>.

At that Business Meeting, the CEC also adopted the final scoping order for the 2021 Integrated Energy Policy Report. This document includes information such as the major topics addressed, which includes natural gas outlook and assessments, building decarbonization and energy efficiency, and energy demand, a schedule for the development of this report, and information on participating in this proceeding.

My colleagues and I here at the CEC appreciate the collaboration and support during this process provided by PG&E and SDG&E/SoCalGas. If you have any questions about the forms, please contact me.

Jason Orta
