CEC-57 (Revised 1/19)

**NOTICE OF RECEIPT****PETITION FOR POST CERTIFICATION PROJECT CHANGE
HUMBOLDT BAY GENERATING STATION (06-AFC-07C)**

On March 17, 2021, Pacific Gas & Electric (PG&E) filed a post-certification petition with the California Energy Commission (CEC) for the Humboldt Bay Generating Station (HBGS). The 163-megawatt facility consisting of ten dual fuel (natural gas and/or #2 diesel) Wartsila 18V50DF 16.3-megawatt (MW) reciprocating engine generator sets and associated equipment was certified by the CEC in September 2008 and began commercial operation in October 2012. The facility is located in the City of Eureka, in Humboldt County, California.

SUMMARY OF PROPOSED CHANGES

This request includes the following changes:

- To amend the CEC Conditions of Certification for the project to allow operations less than 50 percent load, down to three (3) MW per engine to support local operations including “low loading mode” and “black start mode”.

This Notice of Receipt has been mailed to the facility’s mail list of interested parties and property owners adjacent to the facility site. The petition requesting the project change has been docketed and is available on the CEC’s [Humboldt Bay Generating Station](https://ww2.energy.ca.gov/sitingcases/humboldt/) webpage at: <https://ww2.energy.ca.gov/sitingcases/humboldt/>.

REVIEW PROCESS

The review process includes an evaluation of the change and the possible significant effect on the environment, compliance with applicable laws, ordinances, regulations or standards and if a change to or deletion of a condition of certification is required.

After staff has completed its independent review and analysis of this petition, staff will publish an assessment for public review and comment. Staff will also provide written notice of its intent to either process the proposed changes as a staff-approved project change or schedule the project change to be heard for consideration by the CEC at a regularly scheduled business meeting.

PUBLIC PARTICIPATION

Any person may comment or file an objection. To use the CEC’s electronic commenting feature, go to the CEC’s webpage for this facility, cited above, click on the “[Submit e-Comment](#)” link, and follow the instructions in the on-line form. Be sure to include the facility name in your comments.

Written comments may also be mailed to:

California Energy Commission
Dockets Unit, MS-4
Docket No. 06-AFC-07C
1516 Ninth Street
Sacramento, CA 95814-5512

All comments and materials filed with the Dockets Unit will be added to the facility Docket Log and become publicly accessible on the CEC's webpage for the facility. To receive future filings related to this project, go to the Commission's webpage for this facility, cited above, scroll down the right side of the project's webpage to the box labeled "Subscribe," and provide the requested contact information.

If you have questions about this notice, please contact Elizabeth Huber, Manager for the Office of Compliance, Monitoring and Enforcement, at (916) 776-0609 or via email at Elizabeth.huber@energy.ca.gov.

For information on public participation, please contact the Public Advisor, at (916) 654-4489 or (800) 822-6228 (toll-free in California) or send your email to publicadvisor@energy.ca.gov.

News media inquiries should be directed to the Media Office at (916) 654-4989, or by e-mail to mediaoffice@energy.ca.gov.
