Comments for the May 12, 2021 Business Meeting

Comments are related to the May 12, 2021 Business Meeting.
I support and ask the Commission to support also:

- 1) the electrification of School buses (Item 1)
- 2) loans to municipalities to finance energy efficiency and renewable energy projects (Item 5)
- 3) funding for the electric vehicle charging or hydrogen refueling infrastructure needed to support the large-scale conversion of transit bus fleets to zero-emission vehicles (ZEVs) (Item 7)
- 4) funding for the continued development, specifically in applied research or technology demonstration and deployment, of high-potential, high-impact energy technologies that are too early for significant private-sector investment.(Item 10)
- 5) funding for Technology Demonstration & Deployment research projects that evaluate resilience, renewable integration, and cost management use cases for medium- and heavy-duty (MDHD) battery electric vehicles (BEVs) (Item 11)
- 6) funding for energy technologies at California food processing facilities which reduce energy use and greenhouse gas (GHG) emissions.(Item 12)
- 7) the approval of applications by local jurisdictions for ordinances that contain building energy efficiency standards exceeding the energy efficiency requirements of the 2019 Building Energy Efficiency Standards (Title 24, Part 6) (Item 13)

Thank you.
