Re: *Transmittal Email and Confidentiality Certification for
SCE Electricity and Natural Gas Demand Forecast
Submissions in 21-IEPR-30*

Dear Executive Director Bohan:

Southern California Edison Company (SCE) respectfully submits its Demand Forecast forms in the 2021 Integrated Energy Policy Report (IEPR) proceeding, 21-IEPR-30.

Some of the forms contain information that is either (1) entitled to automatic confidential designation under 20 C.C.R. § 2505(a)(5)(A) and (B), or (2) for which the California Energy Commission previously granted a confidential designation in a prior IEPR proceeding. Thus, pursuant to 20 C.C.R. 2505(a)(1)(G) and (a)(4), SCE is not submitting a new application for confidential designation.

For Form 1.6(b), we are still determining if certain substation data contains disaggregated customer information that is entitled to automatic confidential designation under 20 C.C.R. § 2505. We are therefore submitting all data in that form as confidential. We will endeavor to submit a public version of Form 1.6(b) on or before close of business July 2, 2021.

I certify under penalty of perjury that the information provided in the forms is, to the best of my knowledge, true, correct, and complete, save for the public version of Form 1.6(b), which will be submitted at a later date.
