CEC-70 (Revised 5/2020)

IN THE MATTER OF:

SB 100 Implementation: Planning for SB 100
Resource Build

Gavin Newsom, Governor

Docket No. 21-SIT-01

NOTICE OF REMOTE-ACCESS
WORKSHOP

Notice of Joint Agency Workshop on Next Steps to Plan for Senate Bill 100 Resource Build: Transmission

July 22, 2021

Session 1 Start Time 9:00 a.m.

Session 2 Start Time 1:30 p.m.

Remote Access Only

The California Energy Commission (CEC) will jointly conduct a workshop with the California Public Utilities Commission (CPUC) and the California Independent System Operator (California ISO) to discuss existing and proposed transmission projects that can potentially support the delivery of resources required to achieve the goals of Senate Bill 100 (SB 100).

The CEC commissioners who will host the workshop are Commissioner Karen Douglas, lead commissioner for the Siting, Transmission, and Environmental Protection Division, and Commissioner Siva Gunda, lead commissioner for the Energy Assessments Division. A quorum of CEC commissioners may participate, but no votes will be taken. Commissioners from the CPUC may also attend. If CPUC commissioners are present at the workshop, the CPUC's rules governing ex parte contacts with commissioners and their staff remain in effect although this is a CEC-initiated and noticed workshop.

This workshop will be held remotely, consistent with Executive Order N-08-21 to continue to help California respond to, recover from, and mitigate the impacts of the COVID-19 pandemic. The public can participate in the workshop consistent with the direction in this executive order.

Agenda

Previous renewable energy resource and transmission planning efforts will be discussed. The workshop will also include presentations from representatives of in-state and out-of-state transmission projects.

The workshop will include panel discussions with California balancing authorities, utility representatives, and transmission planners from various planning entities.

A detailed meeting schedule will be posted prior to the workshop at [CEC Efiling Docket Number 21-SIT-01](https://efiling.energy.ca.gov/Lists/DocketLog.aspx?docketnumber=21-SIT-01) (<https://efiling.energy.ca.gov/Lists/DocketLog.aspx?docketnumber=21-SIT-01>).

Background

The 100 Percent Clean Energy Act of 2018 (SB 100, De León, Chapter 312, Statutes of 2018) establishes a target for renewable and zero-carbon resources to supply 100 percent of retail sales and electricity procured to serve all state agencies by 2045. SB 100 requires the CEC, CPUC, and California Air Resources Board to develop and submit a joint-agency report to the legislature by January 1, 2021, and at least every four years thereafter. The final joint-agency report published on March 15, 2021¹ recommends updates of land use information to reflect the increased resource requirements of SB 100; to further consider the potential impact of emerging resources and technologies; and to integrate into SB 100 planning the social costs and non-energy benefits of land-use impacts, public health, air quality, water supply and quality, economic impacts, and resilience.

Effectively integrating 100 percent renewable and zero-carbon technologies and achieving carbon neutrality in the state by 2045 will require rigorous analysis of implementation considerations, and coordinated planning across state agencies. Comprehensive and coordinated statewide planning is necessary to ensure that California continues to have a safe and reliable electricity system as new renewable and zero-carbon resources and associated transmission infrastructure is developed, consistent with the state's clean energy and environmental priorities and goals.

Remote Attendance

The workshop will be held in two sessions on July 22, 2021. Each session may be accessed by clicking the Zoom link below or by going through [Zoom](https://join.zoom.us), <https://join.zoom.us>, and entering the Meeting ID and password for the workshop sessions listed below. If you experience difficulties joining, you may contact Zoom at (888) 799-9666 ext. 2, or the Public Advisor's Office at publicadvisor@energy.ca.gov, by phone at (916) 654-4489, or toll-free at (800) 822-6228.

Use the "raise hand feature" to indicate you want to speak and the event facilitator will indicate when your line is open and ready for you to comment.

To Participate by Telephone:

Dial (213) 338-8477 or (669) 219-2599 or (877) 853-5257 (Toll Free) or (888) 475-4499 (Toll Free). When prompted, enter the Workshop ID for the 9:00 AM morning session: 991 7755 7250 and Workshop ID for the 1:30 PM afternoon session: 926 7319 0192. To comment, dial *9 to raise your hand and *6 to mute/unmute your phone line.

Public Comment

Oral comments will be accepted at the end of the workshop. Comments may be limited to three minutes or less per speaker and one person per organization. If participating via Zoom's online platform, use the "raise hand" feature so the administrator can announce your name and unmute you. If you are participating by telephone, press *9 to "raise your hand" and *6 to mute/unmute. See detailed remote attendance instructions below.

Depending on the number of members of the public seeking to make public comment, the facilitator may adjust the total time allotted for public comment and the time allotted for each comment. If commissioners are unable to accommodate your public comment during the workshop, please consider submitting your comments in writing to ensure they are included in the record through the CEC's docketing system per the instructions below. For assistance with the docketing system, contact the Public Advisor's Office at publicadvisor@energy.ca.gov or (800) 822-6228 or (916) 654-4489.

Written comments must be submitted to the Docket Unit by 5:00 p.m. on Wednesday, August 11, 2021. Written and oral comments, attachments, and associated contact information (including address, phone number, and email address) will become part of the public record of this proceeding with access available via any internet search engine.

The CEC encourages use of its electronic commenting system. Visit the [e-commenting page](https://efiling.energy.ca.gov/EComment/Ecomment.aspx?docketnumber=21-SIT-01) at <https://efiling.energy.ca.gov/EComment/Ecomment.aspx?docketnumber=21-SIT-01>, which links to the comment page for this docket. Enter your contact information and a comment title describing the subject of your comment(s). Comments may be included in the "Comment Text" box or attached as a downloadable, searchable document in Microsoft® Word or Adobe® Acrobat®. The maximum file size allowed is 10 MB.

Written comments may be submitted by email. Include docket number 21-SIT-01 and *SB 100 Implementation Workshop: Planning for SB 100 Resource Build* in the subject line and email to docket@energy.ca.gov. A paper copy may also be sent to:

Docket No. 21-SIT-01
1516 Ninth Street
Sacramento, California 95814-5512

Public Advisor and Other CEC Contacts

The CEC's Public Advisor's Office provides the public with assistance in participating in CEC proceedings. For information on participation or to request interpreting services or reasonable accommodations, please contact the Public Advisor's Office at publicadvisor@energy.ca.gov, by phone at (916) 654-4489, or toll free at (800) 822-6228. Requests for interpreting services and reasonable accommodations should be made at least five days in advance. The CEC will work diligently to accommodate all requests.

Direct media inquiries to mediaoffice@energy.ca.gov or (916) 654-4989.

Direct technical subject inquiries to Scott Flint at scott.flint@energy.ca.gov, (916) 897-0609 or Jim Bartridge at jim.bartridge@energy.ca.gov, (916) 926-9093.

Direct general inquiries regarding the workshop to Mary Dyas at mary.dyas@energy.ca.gov or (916) 628-5418.

Availability of Documents

Documents and presentations for this meeting will be available at [CEC Efiling Docket Number 21-SIT-01](https://efiling.energy.ca.gov/Lists/DocketLog.aspx?docketnumber=21-SIT-01), at <https://efiling.energy.ca.gov/Lists/DocketLog.aspx?docketnumber=21-SIT-01>.

When new information is posted, an email will be sent to those on the list servers noted below. To receive these notices, subscribe at [CEC List Servers](https://ww2.energy.ca.gov/listservers/index cms.html), at <https://ww2.energy.ca.gov/listservers/index cms.html>.
