THEREFORE, the private software vendors of the alternative calculation methods identified above must integrate the CBECC-Res 2019.2.0 compliance manager software and provide the CEC with an updated copy of the software and user manual within 45 days, by Wednesday, November 17, 2021, under the 2019 Approval Manual, section 1.2.1, to have approved software for demonstrating compliance with the performance-based residential provisions of the 2019 Energy Code for permit applications made on or after January 1, 2022; and

THEREFORE, the CEC directs the executive director to review and approve updates to the alternative calculation methods identified above that integrate the CBECC-Res 2019.2.0 compliance manager software; and
