Joint Agency Workshop: Accelerating Electric Vehicle Charging Infrastructure Deployment and Grid Integration

October 12, 2021
9:30AM – 3:30PM (PST)

The California Energy Commission (CEC), California Public Utilities Commission (CPUC), and Governor's Office of Business and Economic Development (GO-Biz) hosted a virtual workshop on electric vehicle (EV) charging infrastructure deployment acceleration and grid integration. The workshop gathered EV charging infrastructure stakeholders, including industry representatives, utilities, local government, state agencies, and others, to discuss solutions, share best practices, and learn from different perspectives on the topics of electric vehicle supply equipment (EVSE) permitting, rate structures for public charging, interconnection, and EV grid integration.

Event details can be found at the following link:
