Docket No. 19-SPPE-04

SAN JOSÉ CITY DATA CENTER
APPLICANT STATUS REPORT #21

Microsoft Corporation, the applicant ("Applicant") for the Small Power Plant Exemption for the San José City Data Center Project submits this status report in accordance with the Committee Scheduling Order docketed May 13, 2020 (TN: 232976) ("Order").

INTRODUCTION

The Applicant proposes to construct and operate the San José City Data Center ("SJC02") in San José, California. The SJC02 will consist of two, one-story data center buildings and related improvements. The maximum load of the servers, including the cooling and ancillary load of the buildings, is 99 megawatts ("MW"), meaning the SJC02 is subject to the California Energy Commission ("CEC" or "Commission") Small Power Plant Exemption ("SPPE") process.

Data Request Set #6

The CEC Staff filed a new Data Request #6, dated September 15, which seeks additional information from the applicant regarding the use of the natural gas generators. (Transaction Numbers 239692 and 239719.) Staff have requested responses to the Data Request within 30 days.

Applicant submitted responses to Data Request #6 on October 15, 2021 (Transaction Number 240082), with subsequent responses on November 8, 2021 (Transaction Number 240407) providing the requested construction air dispersion modeling results and the construction air emissions spreadsheet with the dispersion modeling files have been transmitted to Commission Staff.

One remaining data request (Number 83) regarding the City's confirmation that the SJC project is eligible for an exemption to the City of San José Municipal Code Section 17.845. The Applicant requested a response by the City, which the Applicant will file when received.

SCHEDULE

Microsoft believes that Staff has all of the information necessary to prepare the DEIR and based our October 2021 Status Report (Transaction Number 240086), Staff should issue a Status Report to the Committee confirming it has all of the information necessary to prepare the DEIR or identification of any data deficiencies.
