CALIFORNIA ENERGY COMMISSION

715 P Street Sacramento, California 95814 energy.ca.gov CEC-057 (Revised 1/21)

Notice of Public Comment Period 2022 Energy Code Compliance Software and Supporting Documents 22-BSTD-02

California Energy Commission (CEC) staff are soliciting public comment on draft guidance documents and implementation tools to support the 2022 update to the Building Energy Efficiency Standards (Energy Code) (California Code of Regulations, Title 24, Parts 1 and 6). Documents and tools posted for public comment are:

- Single-Family Residential Alternative Calculation Method (ACM) Reference Manual and the Nonresidential and Multifamily ACM Reference Manual
- Public domain energy code compliance software used for the performance approach of the Energy Code

The comment period for these documents and tools is extended to 5:00 p.m. on April 25, 2022, to allow for additional comments. These documents and tools were originally posted March 25, 2022 with a comment period deadline of 5:00 p.m. on April 11, 2022.

Background

The CEC adopted the 2022 update to the Energy Code on August 11, 2021. Subsequently, the standards were approved by the California Building Standards Commission on December 14, 2021. The ACM Reference Manuals and the public domain energy code compliance software are key resources to support the Energy Code. They are expected to be certified by the CEC no later than 180 days after approval of the standards by the California Building Standards Commission.

Further information regarding the 2022 Energy Code update can be found at https://www.energy.ca.gov/programs-and-topics/programs/building-energy-efficiency-standards/2022-building-energy-efficiency.
