## **EnergIIZE Workshop Hydrogen Application Process Overview**

Join the Energy Infrastructure Incentives for Zero-Emission (EnergIIZE) Commercial Vehicles team for a Q&A on our upcoming funding lane – infrastructure to support medium and heavy duty zero emission Hydrogen vehicles. [Register Now](#) to attend this workshop, which will provide an overview of the Hydrogen Application Process ahead of the next release in funds which will open in late Q2 2022. This conversation is a continuation of informational workshops hosted by EnergIIZE. Visit <https://energiize.org/> to learn more and see recordings of past workshops.

### [Hydrogen Application Process Overview](#)

June 2, 2022

2pm – 3pm PT

If you have questions ahead of the session, email [infrastructure@calstart.org](mailto:infrastructure@calstart.org).

EnergIIZE Commercial Vehicles is a new \$50 million project that provides infrastructure incentives for public and private fleets, owner/operators, school bus fleets and transit agencies that wish to deploy battery electric or hydrogen fuel cell vehicle technology. Visit <https://energiize.org/> for more information.
