NOTICE OF RECEIPT PETITION FOR POST CERTIFICATION CHANGE Alamitos Energy Center (13-AFC-01C)

On August 2, 2022, AES Alamitos Energy, LLC (AES) filed a petition for a post-certification change ([TN#244296-1](#)) with the California Energy Commission (CEC) for the Alamitos Energy Center (AEC).

The AEC was certified by the CEC in April 2017 as a 1,040-megawatt (MW) power plant project, with a 640 MW combined-cycle, natural gas-fired power block, and two simple cycle gas-fired turbines that would produce 400 MW. To date, the simple cycle turbines have not been built. The 640 MW combined cycle portion of the project began operation in February 2020. The facility is located at 690 North Studebaker Road in the City of Long Beach, Los Angeles County.

SUMMARY OF PROPOSED CHANGES

The project owner seeks approval to modify the following:

- Remove the existing security guard building and install a new security guard building.
- Replace the existing entrance gate and fencing.
- Update the security system hardware with North American Electric Reliability Corporation-compliant equipment.

For additional information, the CEC's [project webpage](#), has a link to the petition accessible through the webpage in the box labeled "Compliance Proceeding." Click on the "Documents for this Proceeding ([Docket Log](#))" option.

REVIEW PROCESS

This petition is reviewed pursuant to Title 20, California Code of Regulations, section 1769. The review process includes an evaluation of the effect the change could have on the environment; the project's compliance with applicable laws, ordinances, regulations, or standards; and whether a change to, or deletion of any condition of certification adopted by the CEC in the final decision or subsequent amendments is required.

After staff has completed its independent review and analysis of this petition, the assessment will be published for public review and comment. Included in the

staff analysis, staff will provide written notice of its intent to either process the proposed changes as a staff-approved project change or schedule it for consideration by the CEC at a regularly scheduled business meeting.

PUBLIC PARTICIPATION

This notice of receipt is being mailed to the CEC's project acronym mailing list of interested agencies, the public, and property owners that requested placement on the mailing list as well as to property owners within 1,000 feet of the facility site and 500 feet of the facility linear features (for example, pipeline). The notice is also being sent to the Alamitos Energy Center list serve. The list serve is an automated CEC system by which information about this facility is emailed to parties who have subscribed. To subscribe, go to the [CEC's project webpage](#), cited above, scroll down the right side of the project webpage to the box labeled "Subscribe," and provide the requested contact information.

Any person may comment on the petition or the staff analysis when publicly available. The CEC encourages use of its electronic commenting system. To use the CEC's electronic commenting feature, go to the [CEC's project webpage](#), cited above, click on the "[Submit e-Comment](#)" link, and follow the instructions in the online form. Be sure to include the facility name in your comments.

Written comments, attachments, and associated contact information (for example, address, phone number, email address) become part of the viewable public record. This information may also become available via any internet search engine.

Written comments may also be mailed to:
