Community Environmental Council

BOLD CLIMATE ACTION
ACCIÓN CLIMÁTICA AUDAZ

OUR MISSION

Put California on track for an equitable, **climate-safe future** by 2030.

In other words:
reverse, repair and recover.

NUESTRA MISIÓN

*Ponga a California en camino hacia un **futuro equitativo y seguro ante el clima** para el 2030.*

*En otras palabras:
Revertir, reparar y recuperar.*

THE CHALLENGE

We must seize this moment – enacting the **bold policies** required by science and **bringing to scale** on-the-ground solutions.

EL RETO

*Debemos aprovechar este momento, promulgando las **políticas audaces** que requiere la ciencia y **ampliando** soluciones prácticas y reales.*

CEC'S PLAN

Our “all-in” plan – including more than 70 programmatic and policy goals and more than 120 supporting strategies – sets new, aggressive, science-based targets to:

REVERSE
the trajectory of the
climate crisis

REPAIR
the damage
already done

PROTECT
communities from
extreme weather and other
climate impacts

2

CITIES THAT PASSED ENERGY CODES

(with 2 counties not far behind) that help ensure new construction is all-electric with no natural gas, accelerating progress toward California's climate goals.

33,000+

Community members **CEC INFORMED, ACTIVATED, AND GUIDED ON CLIMATE ACTION** through webinars, meetings, events, and roundtable discussions.

160+

ACTIVE PARTNERSHIPS across public and private sectors that **AIM TO MOBILIZE** broader community action and cultivate climate leadership grounded in inclusive decision making.

1.4 MILLION

Residents in 22 cities and counties across Santa Barbara, San Luis Obispo, and Ventura Counties **HAVE QUICKER ACCESS TO 100% RENEWABLE AND CLEAN ELECTRICITY** because of CEC's advocacy for Community Choice Energy.

960

VOLUNTEER HOURS INVESTED

by CEC's UC Climate Stewards program participants in creating local climate-related initiatives and projects.

1,424

NEW CHARGING STATIONS BEING BUILT

with \$12 million in funding attracted from the state and leveraged to support wider adoption of electric vehicles. Over the next two years, the charging stations will be installed at workplaces, multi-family properties, and public destinations across Santa Barbara, Ventura, and San Luis Obispo Counties.

6 MILLION

SINGLE-USE WATER BOTTLES NOT USED

because of 116 school and community water refill stations that were installed as a direct result of CEC's Waste Reduction program.

900+

HOUSEHOLDS THAT HAVE ADDED SOLAR AND ENERGY STORAGE SYSTEMS

since 2011 through CEC's Solarize Residential program, a regional model for effective group energy purchasing.
