Subject: STATUS REPORT #3 FOR THE STACK TRADE ZONE PARK SMALL POWER PLANT EXEMPTION (21-SPPE-02)

In its September 16, 2022, *Committee Scheduling Order and Order Requesting Supplemental Information*, the Committee ordered the parties to file monthly status reports no later than the 28th day of every month.

Project Status

After filing staff's Status Report 2, on October 28, 2022, staff held a Public Scoping Meeting on November 1, 2022. No California Native American Tribes or agencies attended the meeting. One member of the public expressed concerns about the project's noise level being added to the existing background noise, which includes white noise and airplane noise. Staff responded that they would be addressing these concerns in their analysis.

Staff has received all responses from the data requests and can complete our technical sections. Staff anticipates releasing the Draft Environmental Impact Report on or before January 27, 2023.
