22-IEPR-051

The current gas and diesel prices are already out of control in this state. Many people are being hurt and others are being forced to leave our state. The idea that yet another tax on fuels is absurd and destructive. Our air and water quality has improved over the years as fuels have become more efficient. **IT IS TIME TO SAY NO TO ANY NEW TAXES OR ANY NEW REGULATIONS..** It is ironical that this is even being discussed when we have a multi-billion dollar surplus in our state budget. This is just another example of overreach in one or more of our state agencies.
