NOTICE OF REMOTE ACCESS WEBINAR

RE: Forms and Instructions for Submitting Underground Gas Storage Data

## **Notice of Staff Webinar on Forms and Instructions for Submitting Underground Gas Storage Data**

**March 30, 2023**

10:00 a.m. – 12:00 p.m.

Remote Access Only

See Attendance Instructions.

The California Energy Commission (CEC) staff will host a webinar to review the data collection requirements according to California Code of Regulations, title 20, section 1314, applicable to owners of underground gas storage projects.

The public can participate in the webinar consistent with the attendance instructions below. The CEC aims to begin promptly at the posted start time and the end time is estimated based on the proposed agenda. The webinar may end sooner or later than the posted end time.

**Agenda**

CEC staff will present an overview of “Form CEC-1314- Underground Gas Storage Data” and will walk through the associated instructions. Staff encourages owners and operators of underground gas storage projects to review the forms and instructions prior to the webinar and ask clarifying questions during the webinar.

**Background**

Effective, January 1, 2022, the California Code of Regulations (CCR), Title 20, Section 1314 requires underground gas storage owners and operators to report storage project information to the CEC on a quarterly basis. This includes the following: information on base gas, working gas, total gas in storage, withdrawal, and injection for each calendar day. This data will inform technical analyses conducted in support of the CEC’s Integrated Energy Policy Report and related proceedings, including the Order Instituting Informational Proceeding on Decarbonizing the Gas System (22-OII-02).
