3. How often do you download or reference the Solar Equipment Lists from the Solar Equipment Lists website at <https://solarequipment.energy.ca.gov/Home/Index?>

-->Less than 1 time per month

4. Please provide information on how the Solar Equipment Lists assist you/your organization with everyday business needs:

--> n/a

5. Roughly how much time do you save on a weekly or monthly basis by using the data on the Solar Equipment Lists, as opposed to not having the lists as a reference?

6. Is there a format that would improve the effectiveness of the lists or ability to use them?

--> The format seems reasonably easy to understand.

7. Can you substitute the data from the Solar Equipment Lists with another data source? How would your program(s) be impacted without this resource?

--> n/a

8. As an equipment manufacturer (if applicable), what are the benefits of having your equipment listed on the Solar Equipment Lists?
