Sacramento, CA 95814

Re: NEMIC Repeated Application for Confidential Designation

Dear Docket Unit:

I write on behalf of the National Energy Management Institute Committee ("NEMIC"), to submit this repeated application for confidential designation of certain specified attachments to NEMIC's Amendment to its Application to become a Mechanical Acceptance Test Technician Certification Provider under California Code of Regulations ("CCR"), Title 24, Part 6, § 10-103.2 (f) ("Amendment Process"). These documents are submitted under Docket 13-ATTCP-01.

On November 26, 2013, the Executive Director of the California Energy Commission granted confidential status. The California Energy Commission has granted confidential designation for amended portions of NEMIC's ATTCP Application on April 21, 2014, June 14, 2016, July 12, 2018, and April 1, 2019.

The 2022 Amended Mechanical ATTCP Application includes updates to the following Attachments:

- NEMIC ATTCP 2022 Amended Application_Draft_230331
- NEMIC ATTCP Application Amendment 2022_Clean_230330
- NEMIC ATTCP Application Amendment 2022_Redline_230330

The information contained in these amended appendices is substantially different than the previously submitted information.

Reasoning for submitting under confidentiality is due to information contained in the documents being proprietary and containing industry trade secrets of training, business methods, and procedures.

Following the e-filing of this application to Docket 13-ATTCP-01 will be a separate confidential e-filing to Docket 13-ATTCP-01 containing the above attachments. Under a separate e-filing, we will concurrently submit the non-confidential portions of the NEMIC ATTCP Application.

Please contact me right away if there is any confusion over which portions of the document are to be confidential.

I certify under penalty of perjury under the laws of California that the information contained in this application for confidential designation is true, correct, and complete to the best of my knowledge and that I am authorized to make the application and certification on behalf of the applicant.

Sincerely,

Lisa Davis
NEMIC ATTCP Administrator
