Docket Office Docket No. 23-IEPR-03 California Energy Commission 715 P Street Sacramento, CA 95814

Filed electronically at: <u>http://www.energy.ca.gov/e-filing/</u>

Subject: SDG&E 23-IEPR-03 Gas Demand and Rate Forecasting Information

The San Diego Gas & Electric Company (SDG&E) is pleased to provide the California Energy Commission (CEC) with biennial gas demand and rate forecasting information required via the California Code of Regulations under Section 1345 of Title 20 to support development of the CEC's Integrated Energy Policy Report.

Within this submission package, SDG&E is providing completed Forms 1 and 2 and supporting documentation and data files satisfying the supplemental information requested within the "Cover" tab of the Form submission template.

Please note that some datapoints included in Form 1 contain information that is substantially similar to information previously deemed confidential by the CEC. Accordingly, pursuant to Section 2505(a)(4) of Title 20, SDG&E submits associated certifications for repeated application for confidential designation of certain data contained in Form 1.4.

The table below provides a specific reference of the files enclosed with SDG&E's submission materials and their respective applicability to the CEC's data requests:
