Dear petroleum industry representatives:

On March 28, 2023, Governor Newsom signed Senate Bill (SB) X1-2, (Skinner, Statutes of 2023, 1<sup>st</sup> Ex. Sess.) adopting among other things, additional, mandatory information reporting requirements for major oil producers, refiners, marketers, oil transporters, oil storers, pipeline operators, and port operators, in Public Resources Code sections 25354 and 25355. The bill goes into effect June 26, 2023.

When interpreting the statutory provisions, definitions, or meanings of terms found in SB X1-2, please refer to California Code of Regulations, Title 20, Division 2, the federal Energy Information Administration (EIA), or usage of language otherwise commonly understood in the industry. If you believe that there is more than one definition for any of the terms in the statute, please provide an explanation of why you chose to apply the definitions or meanings with your submittal.

If you have submitted any of this information to another state agency, the requirement to submit the same information to the CEC would be satisfied by directing the CEC to that submission.

For your convenience, attached are the instructions and forms to use when submitting the required data.

SB X1-2 information should be emailed to [piira@energy.ca.gov](mailto:piira@energy.ca.gov).

For further assistance on this topic, please contact Ryan Eggers, Supervisor, Transportation Fuels Data & Analysis Unit, at [ryan.eggers@energy.ca.gov](mailto:ryan.eggers@energy.ca.gov) or at (916) 776-3597.

Sincerely,

A handwritten signature in black ink, consisting of a stylized, cursive 'D' followed by a horizontal line that tapers to the right.

Drew Bohan  
Executive Director
