## **Wind and Solar Farms in Shasta County**

I would like to state that I do NOT want Wind and Solar Farms in Shasta County. These devices are not earth friendly and have a much shorter life span than the old power sources. They are also devaluing to property. They will harm historic land values and cultural sites. They will not provide a greater value of power than the detract from the quality of our area. As of right now the infrastructure to transmit the power to the grid is not even in place. Please think and plan before making a decision that ruins Shasta County's way of life.

I'm asking for A NO VOTE ON WIND AND SOLAR FARMS IN SHASTA COUNTY CA
