Comments:
I oppose this project (Fountain Wind). Wind power can only be used as it
I oppose this project (Fountain Wind). Wind power can only be used as it comes available - as energy is produced if must be used or stored
(fields & batteries to stone energy generated) A or be lost.
Does any energy produced go to Arizona or does it stay in California?
Benefits from energy produced will not go to locals.
It appears that Connect Geno has already
started building the footprints for these Wind turbines
Fly over & check of this is true. (Witness of 3 footprints)
Criminal to begin construction when this project
is not approved yet.
Windenergy is sparatic not consistant, Wind blows mostly
10 pm - 6 am in full and spring mostly.
10 pm - 6 am in fall and spring mostly. Wind blows up to 40-80 mph. Difficult to fight in fire - wind
and smoke! No fly zone!
Round Min has several fires, all put out by Airial planes.
using Retardants.
Large Bladas cause shadow effect on my property.
Large Bladas cause shadow effect on my property.  Sound effects affect sleep cycles.
Nature & Beauty of Area obvious destruction once 2 acre pads, roads (multiple), water pollation, etc. are made
2 acre pads, roads (multiple), water pollation, etc, are made
1 To carr) Wildich an our property - ~ 40 different runmais
2 acre pads, roads (multiple), water pollation, etc. are made for each Wildlife on our property - ~ 40 different animals turbine) 30 plus Birds. Migrating specifically over turbine area Beverly Wakefuld Witness to these things.
