RE: Application for Locally Adopted Energy Standards by the City of San José in Accordance with the 2022 California Energy Code, Title 24, Part 6, of the California Code of Regulations.

Dear Mr. Bohan,

In accordance with California Code of Regulations, Title 24, Part 1, section 10-106 and section 10-110, this package of materials includes the City of San José's proposed local ordinance requiring more stringent energy requirements than those set by California's 2022 Building Energy Efficiency Standards Title 24, Part 6.

Please find the following materials enclosed:

- **Att. 1:** Signed Ordinance No. 30950, which amends various sections of Chapter 24.12 of Title 24 of the San Jose Municipal Code to serve as a reach code to increase building efficiency, mandate electric- and solar-readiness and includes requirements for energy reach standards beyond Title 24, Part 6 baseline for new single family and multifamily residential, and for new nonresidential construction.
- **Att. 2:** The three associated cost effectiveness studies, specific to the City of San José's climate zone.
- **Att.3:** Evidence of CEQA compliance through the attached Notice of Exemption, filed with the Santa Clara County Clerk-Recorder's Office

Sincerely,

Julie Benabente
