## **CEO**

K-Technology USA Inc developed the smart wheel-turbine power generating system for the EV charge stations on Free-way, it has capable to charge AC to DC 900-1000 volts (quick charge), and it produces 2 MW per HR, We'd like to build our system on the free-way in CA. Therefore, no need city power line connection. Please advice us how to get the contract.  
Thanks,  
John Kim
