## **HEAT PUMP FOR LOW INCOME TO REPLACE EXISTING PACKAGE HEATING AND AIR**

can you please put the low income in priority since many households dont have heating or airconditioning working . also please advise if the heat pump would be covered for PACKAGE UNIT heat and cold systems (NOT SPLIT UNIT) for condo units. because a vendor told me it is not. and can the \$8000 be paid in advance to the vendor instead of a rebate? can you make the funds available priority since many people are suffering from cold or heat. would a tax return in tenant name be enough with a utility bill proof of address? also please make sure if tenant lives in a condo with someone else on title can still get the funds. thanks.
