*IN THE MATTER OF:**2023 Integrated Energy Policy Report (2023 IEPR)*

Docket No. 23-IEPR-01

NOTICE OF AVAILABILITY

RE: *2023 Integrated Energy Policy Report*

Notice of Availability of the *Proposed 2023 Integrated Energy Policy Report*

The proposed *2023 Integrated Energy Policy Report (2023 IEPR)* is available for public review and will be considered for adoption at the California Energy Commission (CEC) business meeting on February 14, 2024. The *2023 IEPR* was developed under the leadership of lead Commissioner Patty Monahan.

The proposed *2023 IEPR* is available on the CEC's [2023 IEPR web page](https://www.energy.ca.gov/data-reports/reports/integrated-energy-policy-report/2023-integrated-energy-policy-report), at <https://www.energy.ca.gov/data-reports/reports/integrated-energy-policy-report/2023-integrated-energy-policy-report>.

Background

Public Resources Code Section 25301 requires the CEC to prepare an Integrated Energy Policy Report (IEPR) every two years that includes assessments and forecasts of all aspects of energy industry supply, production, transportation, delivery and distribution, demand, and prices. The CEC uses these assessments and forecasts to develop and evaluate energy policies and programs that conserve resources, protect the environment, ensure energy reliability, enhance the state's economy, and protect public health and safety.

Public Resources Code Section 25302(e) directs state government entities to use the information and analyses contained in the adopted IEPR to carry out their energy-related duties and responsibilities. The CEC has coordinated closely with other agencies to ensure consistency in the underlying information used to develop this report.

The 2023 IEPR lead commissioner issued a [scoping order](#), available at <https://efiling.energy.ca.gov/GetDocument.aspx?tn=249492>, on March 29, 2023, identifying topics for the report. As detailed in the scoping order, the *2023 IEPR* focuses on the following:

- Accelerating the Connection of Clean Energy Technologies to the Electric Grid
- Updating the California Energy Demand Forecast
- Analyzing the Potential Growth of Hydrogen
- Providing updates, including gas decarbonization, estimation of benefits from the transition to clean transportation systems, strategies and options for the use of gas, and implementation of energy efficiency measures.

The CEC held eleven workshops and one webinar between January and December 2023 on the topics identified in the scoping order. Information from the workshops and public comments were key inputs in developing the *2023 IEPR*. All workshop documents including agendas, background material, transcripts, presentations, and public comments, are available on the CEC's [2023 IEPR](#) webpage at <https://www.energy.ca.gov/data-reports/reports/integrated-energy-policy-report/2023-integrated-energy-policy-report/2023-iepr>.

Under the direction of the lead commissioner, the CEC will carefully review comments received on the proposed *2023 IEPR* and make changes as needed in response to comments. The proposed *2023 IEPR* will be considered for adoption at the CEC's business meeting on February 14, 2024.

Public Comment

Oral comments will be accepted at the business meeting. Comments may be limited to two minutes or less per speaker and one person per organization. To comment via Zoom, use the "raise hand" feature so the administrator can announce your name and unmute you. To comment via telephone, press *9 to "raise your hand" and *6 to mute/unmute. CEC will also accept comments from in-person attendees. Please see the agenda that will be posted on the Business Meeting event page at <https://www.energy.ca.gov/event/meeting/2024-02/energy-commission-business-meeting> for more information.

Written comments must be submitted to the Docket Unit **by 5:00 p.m. on February 9, 2024**.

The CEC encourages use of its electronic commenting system. Visit the [e-commenting page](#), <https://efiling.energy.ca.gov/Ecomment/Ecomment.aspx?docketnumber=23-IEPR-01>, which links to the comment page for this docket. Enter your contact information and a comment title describing the subject of your comment(s). Comments may be included in the "Comment Text" box or attached as a downloadable, searchable document in Microsoft®, Word, Adobe®, or Acrobat®. The maximum file size allowed is 10 MB.

Written and oral comments, attachments, and associated contact information (including address, phone number, and email address) will become part of the public record of this proceeding with access available via any internet search engine.

Written comments also may be submitted by email. Include docket number **23-IEPR-01** and **Proposed 2023 IEPR** in the subject line and email to docket@energy.ca.gov.

If preferred, a paper copy may be sent to:

Public Advisor and Other CEC Contacts

The CEC's Public Advisor assists the public with participating in CEC proceedings. To request interpreting services, reasonable modification, or accommodations, contact the Public Advisor at publicadvisor@energy.ca.gov or by phone at (916) 957-7910. Requests should be made as soon as possible but at least five days in advance. The CEC will work diligently to meet all requests based on availability.

Direct media inquiries to mediaoffice@energy.ca.gov or (916) 654-4989.

Direct technical subject inquiries to Heather Raitt at heather.raitt@energy.ca.gov (916) 628-2355.

Direct general inquiries regarding the IEPR proceeding to Raquel Kravitz, IEPR Project Manager, at raquel.kravitz@energy.ca.gov, or (916) 907-4284.

Availability of Documents

The service list for the *2023 IEPR* is electronic. [Notices and documents](#) for this proceeding are posted to the CEC web page, at <https://www.energy.ca.gov/data-reports/reports/integrated-energy-policy-report/2023-integrated-energy-policy-report/2023-iepr>.

When new information is posted, an email will be sent to those on the Integrated Energy Policy Report list subscription. Those interested in receiving these notices can subscribe in the lower right corner at the [Integrated Energy Policy Report](#) page, <https://www.energy.ca.gov/data-reports/reports/integrated-energy-policy-report>, or alternatively manage existing list serves or sign up for others at the [CEC List Subscriptions](#), at <https://public.govdelivery.com/accounts/CNRA/signup/31719>.
