Communities in Charge - Eligible Equipment Announcement

Additional submitted attachment is included below.

COMMUNITIES IN CHARGE

Communities in Charge Eligible Equipment

Deadline March 1, 2024, 5pm PST

In coordination with the California Energy Commission, Communities in Charge announces the following technology requirement updates for Level 2 EVSEs. These changes shall not supersede existing requirements outlined in the Implementation Manual under Section 2.4.2.

The following documentation, listed below, must be submitted to the Communities in Charge Project team for consideration to remain or to be added to the eligible equipment list. Failure to provide the proper documentation by the deadline above may result in that equipment's ineligibility for incentives in subsequent funding waves.

Communities in Charge Eligible Equipment Checklist

Signed Equipment Intake Form

ENERGY STAR Certification

OCA Certification**

UL 2594 Certification

Equipment Spec Sheet

DMS CTEP Compliant (as applicable)

SAE J-1772 Attestation

****Please refer to Section 2.4.3 of the Implementation Manual for more details**
