WITH: Paul Hellman, Director, Shasta County Department of Resource Management

SUBJECT: *Construction Hour Regulations in Shasta County*

COMMENTS:

CEC staff contacted Paul Hellman, Director with the Shasta County Department of Resource Management, to inquire about any standards or regulations governing construction hours.

Paul Hellman’s response:

Shasta County does not have any adopted standards or regulations specifically governing construction hours; however, for discretionary projects situated in areas where sensitive receptors are located staff routinely recommends the imposition of the following condition of approval.

Construction activities shall be limited to daylight hours (between 7:00 a.m. and 7:00 p.m.) in areas where sensitive receptors are located. No construction shall be permitted on Sundays and Federal holidays.
