Installed a heat pump in Jan 2023

I am 77 years old and live in Clovis CA. I installed a heat pump in Jan 2023 with the guarantee a rebate would be available before my loan of \$18,000 begins this month. I really need the rebate as I only have social security and work part time to make ends meet. Is there any hope I can receive a rebate, I am low income. Please help me. If you email me or call me at 559 860 9405 I will be happy to send you a document showing purchase price and date of install.
