The California Energy Commission (CEC) and Division of Petroleum Market Oversight (DPMO) will host a workshop to discuss the summer outlook for gasoline supplies and factors impacting the market. Topics that may be discussed include gasoline inventory and production trends, import trends, maintenance trends, and price spike mitigation strategies.

The public can participate in the workshop consistent with the attendance instructions below. The CEC aims to begin promptly at the start time posted and the end time is an estimate based on the proposed agenda. The workshop may end sooner or later than the posted end time.

Agenda

There will be presentations by CEC's Energy Assessments Division and the Division of Petroleum Market Oversight on gasoline inventory and production trends, import trends, maintenance trends, and price spike mitigation strategies.

The workshop will include a public comment period.

A detailed schedule will be posted prior to the workshop at the [SB X1-2 Implementation Docket Log](https://efiling.energy.ca.gov/Lists/DocketLog.aspx?docketnumber=23-SB-02) available at <https://efiling.energy.ca.gov/Lists/DocketLog.aspx?docketnumber=23-SB-02>.

Background

SB X1-2 was approved by the Governor on March 28, 2023, and took effect in June 2023. Among other things, SB X1-2 revised and introduced several new petroleum industry reporting requirements, with submittals beginning in July 2023. The new information includes spot market transactions, firm ownership, agreements and contracts, inventory holdings by type, refinery maintenance schedules, 96-hour notice of marine vessel imports, expanded refinery operator reporting, and new pipeline and port operator reporting. This new information provides greater insight into conditions that may lead price spikes.

Attendance Instructions

In-person participants may join the meeting at 715 P Street, First Floor Auditorium, Sacramento, California 95814. Masks and social distancing are encouraged, but not required.

Remote participants may join via Zoom by internet or phone.
