**CALIFORNIA  
ENERGY COMMISSION**

June 13, 2024

Dear Government Reporting Specialist (Refiner Margin Reporters):

The California Energy Commission (CEC) has updated the refiner margin form (the CEC M1322). For May 2024 data, which is due by June 30, 2024, we require, pursuant to Public Resources Code section 25355, that refiners use the updated form attached here (web-link found here:

<https://efiling.energy.ca.gov/GetDocument.aspx?tn=256749&DocumentContentId=92565>).

This version, published to the CEC docket on June 7, replaces the version published in 2023 and was adopted at the May CEC Business Meeting. The M1322 is required monthly. This updated form includes fields for specific operating costs, sales channels, and other fees associated with gasoline production. Changes to the form ensure consistent reporting by refiners and give the CEC and the state greater visibility into cost structures and incentives for the production of gasoline in California.

Please submit forms to the [data submission portal](https://datasubmission.energy.ca.gov) at <https://datasubmission.energy.ca.gov>. Older versions of the M1322 will not be accepted. We appreciate your prompt response for further information. Email [PIIRA@energy.ca.gov](mailto:PIIRA@energy.ca.gov) for further information.

Thank you,

Sincerely,

A handwritten signature in black ink, appearing to read "Drew Bohan".

Drew Bohan  
Executive Director
