## **No to Lithium Battery Storage Facility**

This facility should be placed where it does not impact residential homes. The Cities of San Juan Capistrano and Laguna Niguel, along with the County of Orange, and the residents of these cities, do not want this facility in this location. It presents a hazardous materials danger to the surrounding area. This location is also in a high fire fuel area. This facility should be located someplace like the Prima Desheche Landfill site where there is room for it and safer conditions. Please do not allow this use on this Property.
