## **Fire Threat Posed by BESS**

In the wake of the Otay Mesa fire in May and the July fire in Santa Ana, I implore you to prohibit the establishment of the proposed BESS in San Juan Capistrano. These facilities pose a significant fire risk and should not be within a residential area. We see what they do when located within industrial areas. Thank you for listening to the CA citizens directly impacted by these decisions to permit the establishment of these facilities.

Theresa Ford
