NOTICE OF HYBRID WORKSHOP

RE: Gasoline Supply Reliability Workshop

Notice of Workshop on Gasoline Supply Reliability**August 22, 2024**

9:30 a.m. - 12:00 p.m.

In-Person Location at:Warren-Alquist State Energy Building
Rosenfeld Hearing Room, First Floor
1516 Ninth Street, Sacramento, California 95814
(Wheelchair Accessible)**Remote Option via Zoom™** <https://zoom.us/>Webinar ID: **849 3980 8742** and passcode: **557193**

The California Energy Commission (CEC) will host a workshop to provide an update from the Summer Gasoline Outlook that was presented at a June 6 CEC workshop and to extend public discussion to potential frameworks to improve gasoline supply reliability. Topics that may be discussed include gasoline inventory and production levels, maintenance trends, and price spike mitigation strategies.

The public can participate in the workshop consistent with the attendance instructions below. The CEC aims to begin promptly at the posted start time, and the end time is an estimate based on the proposed agenda. The workshop may end sooner or later than the posted end time.

Agenda

CEC's Energy Assessments Division, the Division of Petroleum Market Oversight, and the Department of Industrial Relations will present on gasoline inventory and production levels, maintenance trends, price spike mitigation strategies, and safety.

The workshop will include a public comment period.

A detailed schedule will be posted prior to the workshop on the [SB X1-2 Implementation Docket Log](https://efiling.energy.ca.gov/Lists/DocketLog.aspx?docketnumber=23-SB-02), which is available at <https://efiling.energy.ca.gov/Lists/DocketLog.aspx?docketnumber=23-SB-02>.

Background

The Governor signed Senate Bill (SB) X1-2 (Stats. 2023, 1st Ex. Sess.) on March 28, 2023, and it took effect in June 2023. Among other things, SB X1-2 revised and introduced several new petroleum industry reporting requirements, with submittals beginning in July 2023. The new information includes spot market transactions, firm ownership, agreements and contracts, inventory holdings by type, refinery maintenance schedules, a notice of marine vessel imports, expanded refinery operator reporting, and new pipeline and port operator reporting. This new information provides greater insight into conditions that may lead to price spikes.

Attendance Instructions

In-person participants may join the meeting at 1516 Ninth Street, Rosenfeld Hearing Room, First Floor, Sacramento, California 95814. Masks and social distancing are encouraged, but not required.

Remote participants may join via Zoom by internet or phone.
