Opposition to Battery Energy Storage Facility below my home

I am vehemently opposed to having a dangerous and hazardous battery storage facility in my backyard! Something like this should NEVER be proposed in such a highly densely populated, fire and flood prone area such as this one! Not to mention the environmental impact forced into the air, soil and water system. One spark from the nearby train/car, cigarette or other means near this facility will completely destroy lives, wildlife and dwellings!! This is completely unacceptable and unnecessary! Susan Pratt at 25512 Rue Terrase (949) 933-4144
