## **Lithium Battery Storage Facility - San Juan Capistrano**

As a property owner in San Juan Capistrano, and a life long resident of South Orange County, my family and I are strongly opposed to this facility. Firstly, simply by aesthetics it has no place in this verdant area of the county. Secondly, the potential hazards are well documented. Fire alone is dangerous, and the proposed facility is adjacent to one of our creeks, which flows directly into the ocean.

There are so many other less populated places in our state that this facility can be placed. Please save the peace, safety, and tranquility of the beautiful city, The Jewel of the Missions.
