Notice of Staff Workshop on the Building Initiative for Low-Emissions Program (BUILD) Draft Guidelines, Second Edition

November 19, 2024

9:30 a.m. – 12:00 p.m.

Remote Access Only

See Attendance Instructions

The California Energy Commission (CEC) will host a staff workshop to discuss and solicit comments on proposed changes to the Building Initiative for Low-Emissions Development (BUILD) Program's Guidelines, Second Edition (Draft Second Edition Guidelines). The Draft Second Edition Guidelines will be available on the BUILD website and the BUILD Program Docket prior to the workshop via the links below.

The public can participate in the workshop consistent with the attendance instructions below. The CEC aims to begin promptly at the start time posted and the end time is an estimate based on the proposed agenda. The workshop may end sooner or later than the posted end time.

Agenda

During this workshop, staff will provide a brief overview of the BUILD Program status, participation requirements, and the proposed changes contained in the Draft Second Edition Guidelines.

A more detailed agenda will be posted prior to the workshop on the BUILD Program webpage at <https://www.energy.ca.gov/programs-and-topics/programs/building-initiative-low-emissions-development-program>.

Background

Senate Bill (SB) 1477 (Stern, Chapter 378, Statutes of 2018) authorized two building decarbonization programs to encourage the development and deployment of near-zero-emission building technologies: the BUILD Program and the Technology and Equipment for Clean Heating (TECH) Initiative. BUILD is a residential building decarbonization program that provides technical

assistance and incentives to support the adoption of advanced building design and near-zero emission technologies in new all-electric, low-income residential buildings. The BUILD Program is overseen by the California Public Utilities Commission (CPUC) and administered by the CEC.

The Draft Second Edition Guidelines contains substantive and non-substantive changes to the Building Initiative for Low-Emissions Development (BUILD) Program Guidelines, First Edition.
