Re: *Transmittal Email and Confidentiality Certification for  
SCE Electricity and Natural Gas Demand Forecast  
Submissions in 25-IEPR-03*

Dear: Executive Director Bohan:

This letter accompanies the filing of SCE's IOU IEPR Demand Forms 8.1a and 8.1b in California Energy Commission (CEC) Docket Number 25-IEPR-03. Confidential information in Form 8.1a is conspicuously designed with yellow highlight shading in the confidential version and is redacted from the public versions. Because CEC has previously granted confidential designation for the information for which SCE seeks repeated confidential treatment, SCE is not filing a new application for confidential designation.

I submit this letter and SCE's confidential data under penalty of perjury under the laws of the State of California that this information is the same or substantially similar to that previous designated as confidential by the CEC.

If you have any questions, please feel free to contact me by email at [Shue.M.Cheng@sce.com](mailto:Shue.M.Cheng@sce.com).

Best regards,
