RSVP is desired but not required. See Attendance Instructions below.

The California Energy Commission (CEC) is honored to celebrate the annual Clean Energy Hall of Fame Awards (HOF Awards). Please join us in person at the 2025 HOF Awards to recognize six leaders advancing California's clean energy goals and making exceptional contributions to help California achieve a 100 percent clean energy future for all. CEC Chair David Hochschild and Commissioner Noemí Gallardo will facilitate the HOF Awards. The public is invited to attend the event, consistent with the instructions provided below.

**Agenda**

Commissioners and other special guests will join to provide remarks during the awards ceremony and present plaques to the winners. The CEC will also showcase video footage of the incredible work contributed by each of the six winners. Each winner will have an opportunity to address the audience and share their experiences. The CEC will also recognize the Selection Committee of this year's awards cohort.

For this in-person event, please register at this link: [Guestlist](#)

A detailed event schedule will be posted before the HOF Awards at this link: [HOF Awards Event Schedule](#). A recording of the HOF Awards will be posted the week after the event.

## **Background**

The HOF Awards is an annual event started in 2020, designed to honor the leadership and outstanding achievements of Californians who help advance the state's clean energy goals. The awards aim to motivate and inspire all stakeholders to continue leading California toward a 100 percent clean energy future by 2045. As California Governor Gavin Newsom said, "We will never waver on achieving the nation's most ambitious clean energy goals." The HOF Awards winners are helping the state achieve these goals.
