CEC-70 (Revised 2/26)

*IN THE MATTER OF:*

*Plug & Charge and Roaming Regulatory  
Concepts*

DOCKET NO. 22-EVI-06

NOTICE OF REMOTE-ACCESS  
WORKSHOP

RE: Plug & Charge and Roaming

**Notice of Workshop on Exploring  
Plug & Charge and Roaming Regulatory Concepts  
March 25, 2026**

Start Time 10:00 a.m. – End Time 12:30 p.m.

Remote Access Only

See Attendance Instructions.

The California Energy Commission (CEC) will host a workshop to present and discuss concepts related to standardizing communications for Plug & Charge and electric vehicle (EV) network roaming to streamline the charging experience. The goal is to gather industry input as CEC considers options for establishing minimum standards that enhance the reliability and driver experience across California's public EV charging infrastructure.

The public can participate in the workshop consistent with the attendance instructions below. The CEC aims to begin promptly at the posted start time, and the end time is an estimate based on the proposed agenda. The workshop may end sooner or later than the posted end time.

**Agenda**

The workshop will begin with a brief overview of the CEC's goals for advancing Plug & Charge and network roaming through standardization to streamline the charging experience and support industry development with clear guidance. CEC staff will then provide background on current statutory requirements, the state's goals for Plug & Charge and network roaming, and the foundational standards involved, including ISO 15118 and Open Charge Point Interface (OCPI). Presenters will also highlight recent CEC-funded efforts that support interoperability, conformance testing, and end-to-end reliability.

Building on this background, staff will outline regulatory concepts under consideration, covering scope, applicability, recommended standards, conformance testing, and implementation timelines. The workshop will conclude with a facilitated question-and-answer session to gather participants' input and clarify technical or programmatic details.

Presentation slides will be posted prior to the workshop in [Docket 22-EVI-06](#).

## **Background**

Under Health and Safety Code § 44268.2, the CEC has authority to establish minimum requirements for Plug & Charge for publicly available EV charging stations and to adopt network roaming requirements for major EV charging network providers (those managing 100 or more publicly available EV charging stations in the state of California). The CEC aims to accelerate the industry's transition toward standardized solutions that enable seamless driver experiences across all electric vehicles, charging stations, and networks.

To support these goals, the CEC has already invested in projects that provide conformance testing, interoperability evaluation, and development of next-generation charging capabilities. The Commission has also published statements on interoperability and Plug & Charge implementation, available in [Docket 22-EVI-06](#) on the CEC's website.

## **Attendance Instructions**

**Remote** participants may join via Zoom by internet or phone.

- **To join via Zoom.** Click on <https://energy.zoom.us/j/89598002306?pwd=yAWm84mpatijjcFFLdpDDWoyNORs7j.1> or login in at <https://zoom.us/> and enter the Webinar ID 895 9800 2306 and passcode 836522 and follow all prompts.
- **To join by telephone.** Call toll-free at (888) 475-4499 or toll at (669) 219-2599. When prompted, enter the Webinar ID 895 9800 2306 and passcode 836522.

**Zoom Closed Captioning Service.** At the bottom of the screen, click the Live Transcript CC icon and choose "Show Subtitle" or "View Full Transcript" from the pop-up menu. To stop closed captioning, close the "Live Transcript" or select "Hide Subtitle" from the pop-up menu. If joining by phone, closed captioning is automatic and cannot be turned off. While closed captioning is available in real-time, it can include errors. A more accurate transcript of the workshop will be docketed and posted as soon as possible after the meeting concludes.

**Zoom Difficulty.** Contact Zoom at (888) 799-9666 ext. 2, or the CEC Public Advisor at [publicadvisor@energy.ca.gov](mailto:publicadvisor@energy.ca.gov), or by phone at (916) 957-7910.

## **Public Comment.**

The CEC encourages the use of its electronic commenting system. Visit the [e-commenting page for docket number 22-EVI-06](#) at <https://efiling.energy.ca.gov/EComment/EComment.aspx?docketnumber=22-EVI-06>. Enter your contact information and a subject title that describes your comment. Comments may be included in the "Comment Text" box or attached as a downloadable, searchable document in Microsoft® Word or Adobe® Acrobat®. The maximum file size allowed is 10 MB.

**Oral comments** will be accepted at the end of the workshop. Comments may be limited to three minutes or less per speaker and one person per organization. To comment via Zoom, use the

“raise hand” feature so the administrator can announce your name and unmute you. To comment via telephone, press \*9 to “raise your hand” and \*6 to mute/unmute.

**Written comments** may be submitted to the Docket Unit by **5:00 p.m. on April 15, 2026**. Written and oral comments, attachments, and associated contact information (including address, phone number, and email address) will become part of the public record of this proceeding with access available via any internet search engine. Written comments may also be submitted by email. Include docket number **22-EVI-06** and **Plug & Charge and Roaming Concepts** in the subject line and email to [docket@energy.ca.gov](mailto:docket@energy.ca.gov).

A paper copy may be mailed to:  
California Energy Commission

**Public Advisor.** The CEC’s Public Advisor assists the public with participation in CEC proceedings. To request assistance, interpreting services, or reasonable modifications and accommodations, call (916) 957-7910 or email [publicadvisor@energy.ca.gov](mailto:publicadvisor@energy.ca.gov) as soon as possible but at least five days in advance of the workshop. The CEC will work diligently to meet all requests based on availability.

**Media Inquiries.** Email [mediaoffice@energy.ca.gov](mailto:mediaoffice@energy.ca.gov) or call (916) 654-4989.

**General or Technical Subject Inquiries:** Email Sarah Sweet at [sarah.sweet@energy.ca.gov](mailto:sarah.sweet@energy.ca.gov) or call (916) 232-8186.

**Availability of Documents:** Documents and presentations for this meeting will be available at <https://efiling.energy.ca.gov/Lists/DocketLog.aspx?docketnumber=22-EVI-06>. When new information is posted, an email will be sent to those subscribed to the Vehicle-Grid Integration subscription topic. To receive these notices or notices of other email subscription topics, visit [Subscriptions](https://www.energy.ca.gov/subscriptions), at <https://www.energy.ca.gov/subscriptions>.

**Dated:** March 12, 2026, at Sacramento, California.
