Sacramento, CA 95814

Subject: Filing of Notice of Decision in compliance with Public Resources Code Section 21080.5 and Title 20, California Code of Regulations, Section 1768

Project Title: Pico Power Project

Energy Commission Docket Number: 02-AFC-3

Energy Commission Contact Person: Matt Trask

Telephone: 916-654-4067

Project Location: City of Santa Clara, California

County: Santa Clara

Project Description: The City of Santa Clara's Pico Power Project is a natural gas-fired, combined-cycle electric generating facility. The 3-acre project site is located west of the intersection of Lafayette Street and Duane Avenue and immediately north of SVP's Kifer Receiving Station in the City of Santa Clara, Santa Clara County, California. The new combined-cycle facility is expected to generate 122 megawatts (MW) under nominal conditions, with the ability to generate up to 147 MW with supplemental duct firing.

On September 9, 2003 the California Energy Commission approved the above-described project pursuant to a regulatory program certified by the California Secretary of Resources under Section 21080.5 of the California Public Resources Code.

1. The project [will will not] have a significant effect on the environment.
2. Mitigation measures [were were not] made a condition of approval of the project.
3. A statement of Overriding Considerations [was was not] adopted for the project.

The Commission docket files containing the final Commission Decision and other information regarding the project are available to the public at: California Energy Commission, 1516 9th Street, Sacramento, California, 95814. The final Decision and other information regarding the project is also available on the Commission's web site--www.energy.ca.gov.
