RE: BOTTLE ROCK POWER PLANT (79-AFC-4C)
PETITION FOR CHANGE OF OWNERSHIP/OPERATIONAL CONTROL

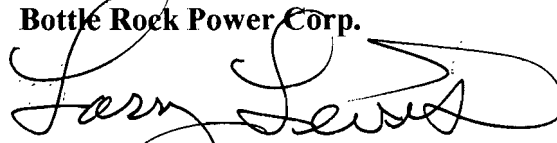

Dear Ms. Tronaas,

Please refer to that petition to the California Energy Resources, Conservation, and Development Commission for the transfer of ownership/operational control of Bottle Rock power plant that was filed on or about October 9, 2003, on behalf of Bottle Rock Power Corporation pursuant to a request made in your letter to me dated September 15, 2003.

Since the filing of that petition, certain unanticipated events have occurred that may require the corporate restructuring of Bottle Rock Power Corporation. It will require approximately thirty to forty five days in order to determine and complete any such restructuring. As a result, in order to present a clear and accurate request for transfer to the Commission, I must ask you to withhold the present petition. As soon as the new structure of Bottle Rock Power Corporation has been determined, and within about thirty days from the date of this letter, Bottle Rock Power Corporation will file with your office a revised petition for the transfer of the ownership/operational control of Bottle Rock power plant.

Thank you for your courtesy and cooperation in this matter. If you need any additional information, please feel free to call me toll free at 1-877-733-0165.

Sincerely,
Bottle Rock Power Corp.

Larry Lewis
Vice President and COO
